Compare two Bible Versions or do parallel reading:

The Bible lets you cross refer two Bible versions, side by side, which enables you to do parallel reading. This helps a lot when you need to identify the changes between the two Bible translations.

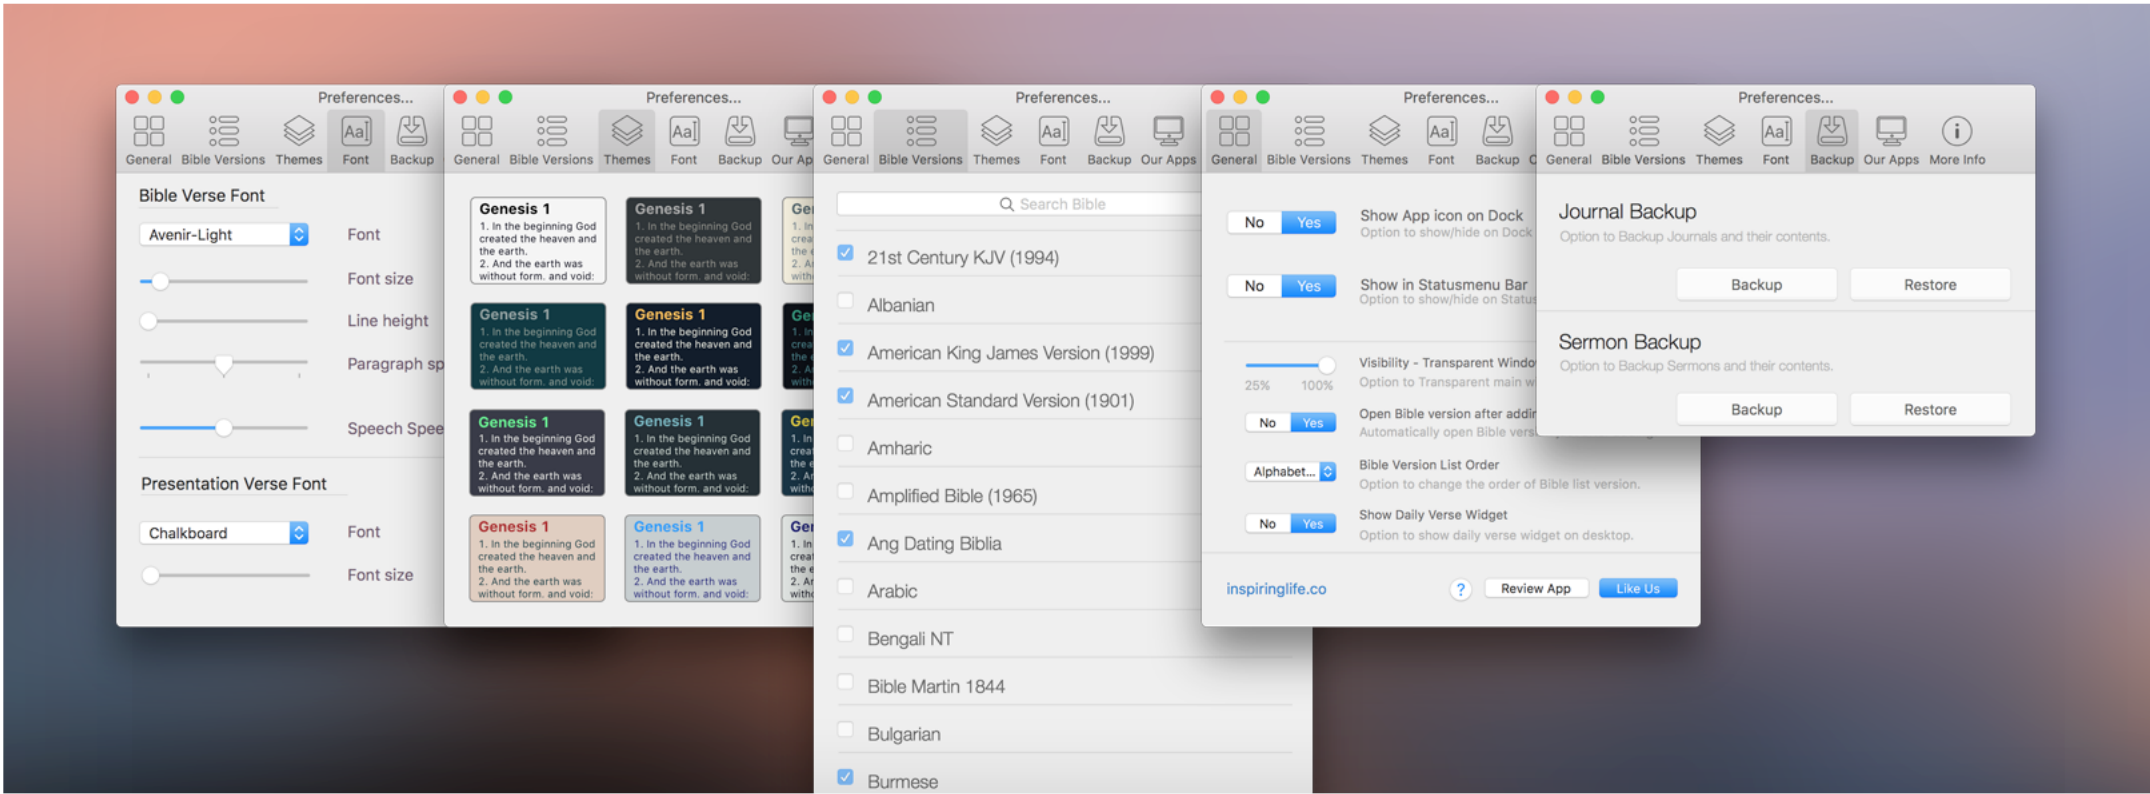

Access Bible from Menu bar & Daily Verse:

The Bible lets you access Bible scriptures from the Menu Bar. It becomes immensely easier for a user to use The Bible from the Menu Bar. It also gives you new inspirational quotes from The Scriptures, daily.

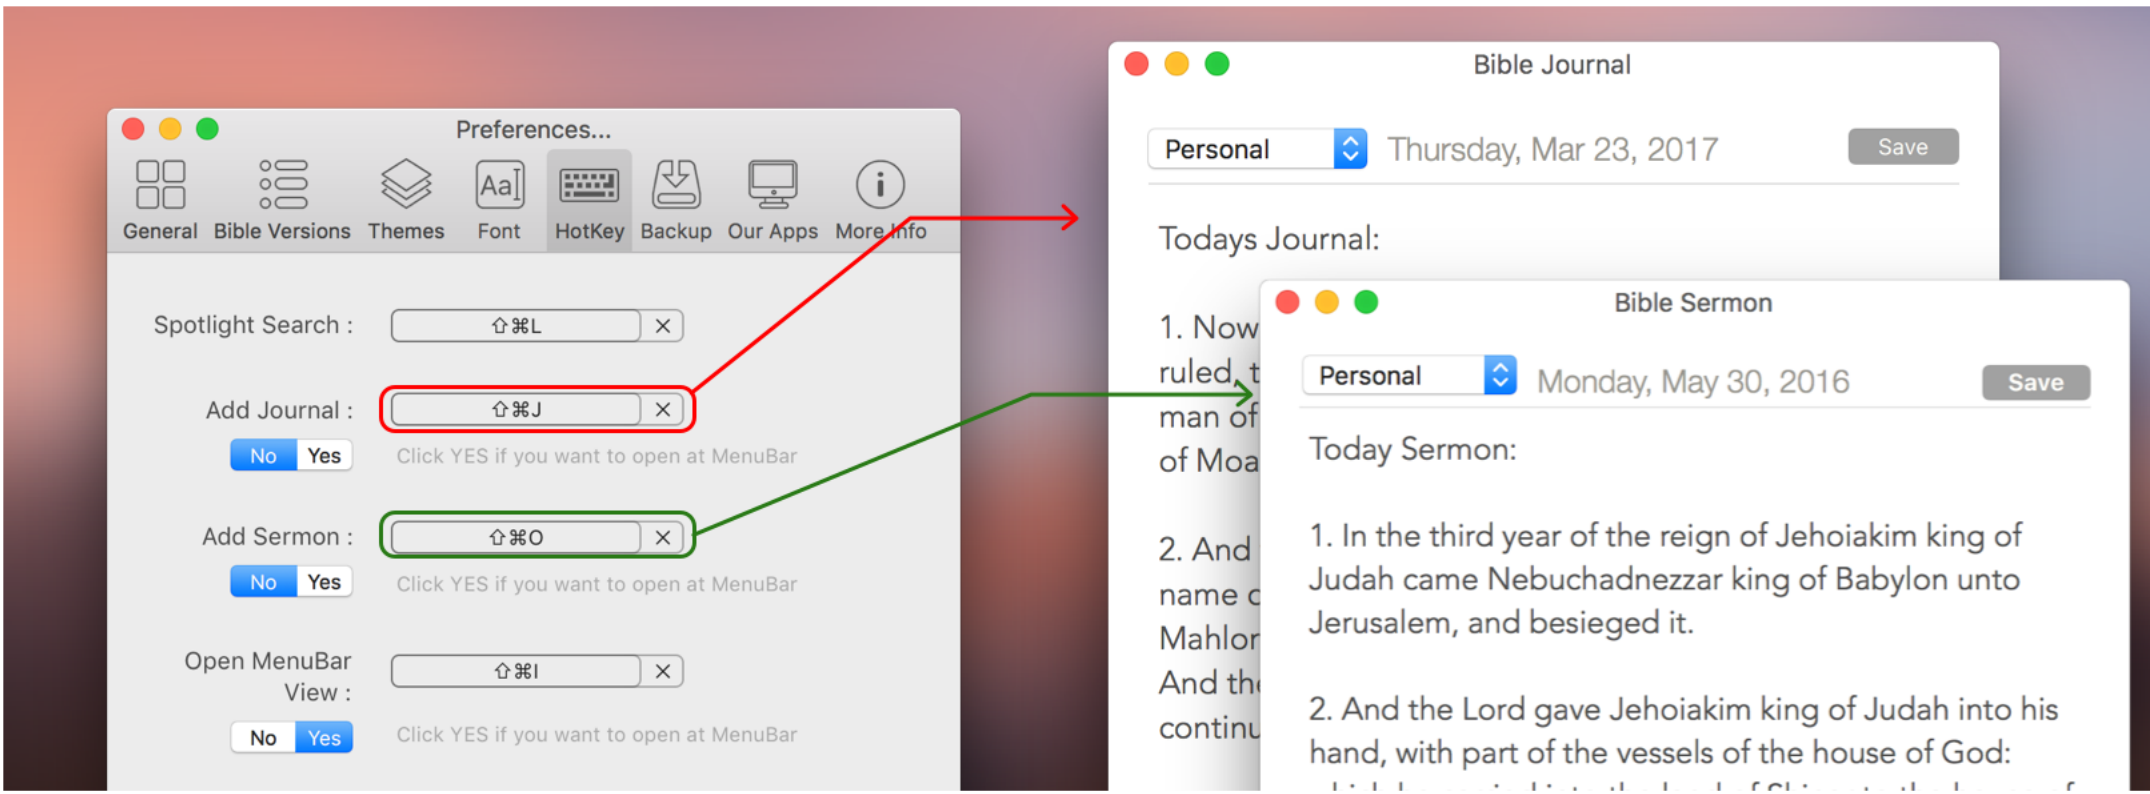

Presentation Mode:

Show scriptures from Bible to a projector screen or a secondary monitor in fullscreen. Users can show two different Bible versions and scroll together through the verses.

App Preferences:

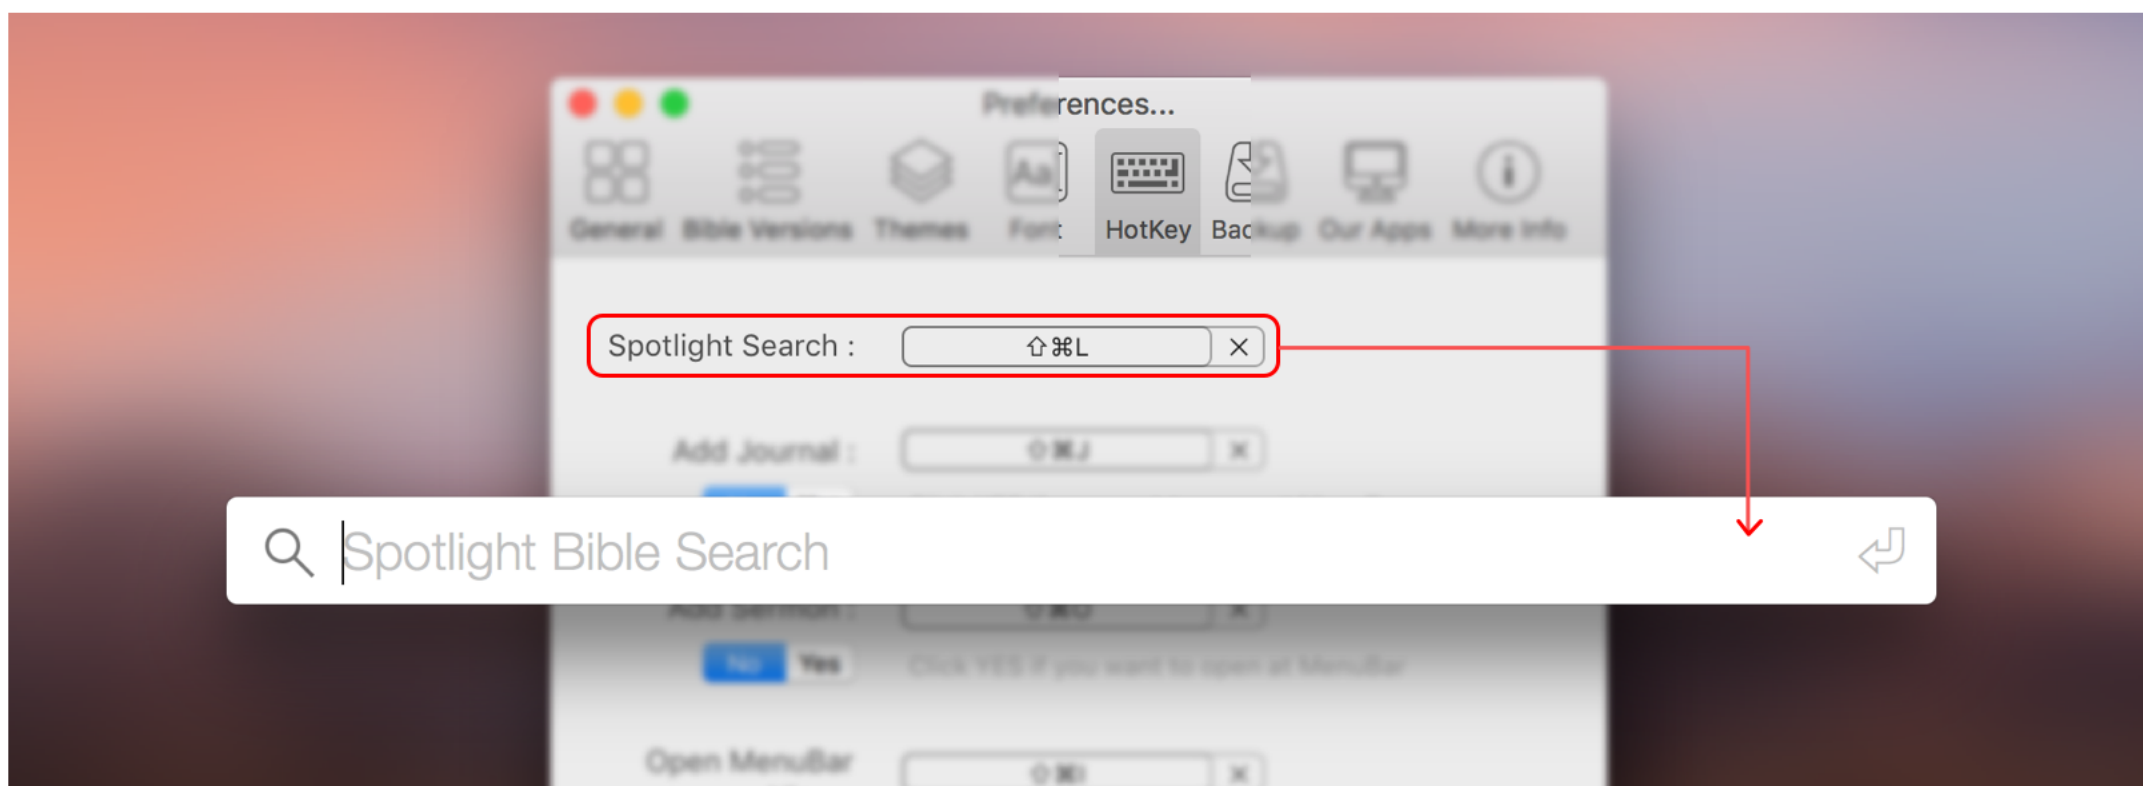

Find more customization options from the App Preferences window. To open App preferences window, go to App Menu bar and click on Bible, select App Preferences from the Drop Down menu.

Add a Hot Key to write journal, search verse & add sermon:

Now you can set up a Hot Key to open an independent window, completely detached from the main app & write journals, search verse, add sermon. This is how it becomes a lot quicker to do these three tasks that we do every day.

Spotlight search for Bible Verse, Journal and Sermon entries:

Now you can set up a Hot Key to do a quick Spotlight search for searching Bible verses, journal & sermons entries. Any keyword or phrase that matches the app resource, will show up below the Spotlight search bar.

We are really grateful to all the users who kept sending us bug reports and suggestions to make Bible a better Bible Application for Mac. Thank you all for your support for the app.

If you really think Bible is a great Bible app, would you mind taking a moment to write a nice review? We'd appreciate it very much. Thanks for using Bible.

Feel free to contact us with any concern or feedback you may have about Bible. We would love to get them.
